*See reverse side for information about
the Honduras Mission Trip.*

MISSION: HONDURAS

In May, a building team of twelve (Tori Combs, Kay Hayes, Jerry Kilby, Chris Lakey, Mark Reavill, Wanda Sapp, Tom Schardt, Derick Smithey, Jacob Smithey, Brad Triplett, Lorie Triplett, and Casey Woodruff), in association with the Honduras Agape Foundation, will travel to Laguna Del Carmen, Honduras.

Laguna Del Carmen is a small village on a mountainside (3000' altitude) in the north west region of Honduras, and is somewhat isolated because access is difficult.

Planned projects for the team include: building a retaining wall on one side of the school to prevent the slope from washing away, construction on a kindergarten kitchen, building school desks as well as other needed improvements in the school classrooms.

Financial contributions welcomed for these projects plus school supplies, airline fees for dresses/shorts (donated by the Sewing Bee mission project), reading glasses (donated by the Lions Club eyeglass program) and donated tee shirts.

If you would like to contribute, please indicate "Honduras Mission" on your gift to WUMC.
