

Wilkesboro United Methodist Church

Hello Friends and Neighbors,

I hope you weren't too shaken up by the earthquake yesterday. It caused some excitement for sure and we offer our prayers for those in Sparta who obtained damage as a result.

In worship we explored Matthew 14:22-33 and discovered that when Jesus calls us, we are empowered with the ability to do great things - even with just a little faith. You can [click here to watch](#) a video of the full worship service or you can read the sermon attached.

Our Wednesday night bible study continues to explore the book of Exodus. This week we will read Chapters 20-23. Please contact the church office to obtain the direct meeting link for the class or the specific phone number to participate by calling in to join us for an hour of fellowship and bible discussion 6:30 on Wednesday.

Please remember those who are recovering from injuries, sickness, and surgery in your prayers. Today we ask for prayers for a church member who is in ICU at Baptist with a broken pelvis following a fall at her home. Please note: Her husband remains at home but has difficulty getting up and down to answer the phone. I know you will all want to show your love and concern but please try to limit phone calls to the residence. We will keep you updated with news on her condition and you can show love and support by sending cards. Jan Taylor is coordinating with the family and assisting as needed.

God's blessings and peace be with you,
Pastor Karen
